

Gate Refund Procedures

#1- Sales receipt showing purchase date and amount paid

#2 – The CPSC wants consumers utilizing the gate for children to stop using it. Rather than going to the trouble of returning the gate, **please make the gate inoperable by breaking a few of the wood parts and sending us a picture.** You can then throw the gate away. **This step is required in order to receive refund.**

#3 – **Send both picture of disabled gate and receipts by email. Please send both on same message.** tom.mckelvey@madisonmill.com
